Thesis and Dissertation Oral Defense Form

All committee members, including the chair, are considered equal voting members. This signed form must be submitted to the Associate Dean for Research and Graduate Studies within two business days of the defense. The student cannot be considered as having satisfactorily passed their defense if there is more than one unfavorable vote among members of the committee. If the defense is not passed, a repeat of the defense may be scheduled only with approval from the Associate Dean for Research and Graduate Studies. Passing the oral defense is distinct from approval of the final written document by the committee. The written document must be submitted with signatures through the ETD system.
